

TASK MASTER

Created by Fatima Hussien Atwi.

DESCRIPTION OF THE PROBLEM TO BE SOLVED

The problem?

Staying organized . Whether for
individuals juggling multiple personal
tasks or for project administrator
overseeing complex projects.

TASK MASTER GOALS

Our goal with Task Master is to provide a unified platform that streamlines task management for all parties involved.

"A comprehensive task management system designed to cater to the needs of both users and community coordinators simultaneously."

**I invite you to explore
this web app that will
be able to transform
the way you manage
tasks and optimize
your productivity.**

PANEL PAGE

If the user logging in has a
Community Admin
role, project manager or employee,
they will be directed to the panel page
in Task Master

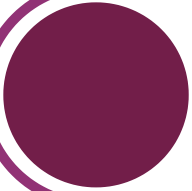

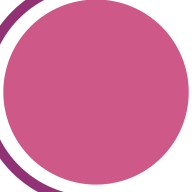

The panel page in Task Master is
specifically designed to cater to
the needs of Community Admin
, managers, and employees,
offering distinct features based on
their respective roles.

FOR COMMUNITY ADMIN

-  **can add, edit, and delete projects.**
-  **create managers and employees.**
-  **access to the user list page**
-  **access the reports page**

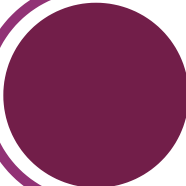

This comprehensive set of features empowers Community Admins to fulfill their responsibilities in managing communities, assigning managers, and coordinating employees, ensuring efficient project management within their community.

FOR PROJECT MANAGER

-  **view the project assigned by the Community Admin.**
-  **assign tasks for employees, monitor their work progress.**
-  **foster collaboration within project team**
-  **access the reports page**

This comprehensive set of functionalities empowers project manager to efficiently oversee their project, ensure smooth task delegation, track project performance, and facilitate effective collaboration among team members.

FOR EMPLOYEES

-  **view the projects they are assigned to.**
-  **mark their tasks as done.**
-  **access the collaboration feature.**

Dear fatimatwii,

I hope this email finds you well. I wanted to inform you that a new project has been assigned to you. Below are the details of the project:

Project Name:web app project 1

Assigned By:Fatima

Start Date:2023-06-29

Deadline:2023-07-06

Description:Task Master is a powerful web application designed to revolutionize task management for individuals and project administrators. It offers a comprehensive set of features and intuitive user interfaces to enhance productivity, organization, and collaboration.

Please review the project details and make sure to familiarize yourself with the project requirements and objectives. If you have any questions or need clarifications, don't hesitate to reach out to your manager or the assigned project team.

We trust in your skills and expertise to successfully execute this project. We appreciate your commitment and dedication in contributing to our team's success.

Thank you for your attention to this matter.

Best regards,

Fatima

hello

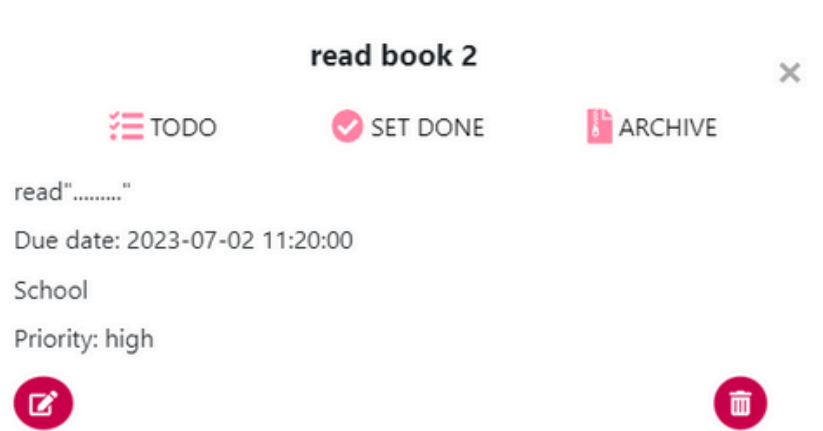

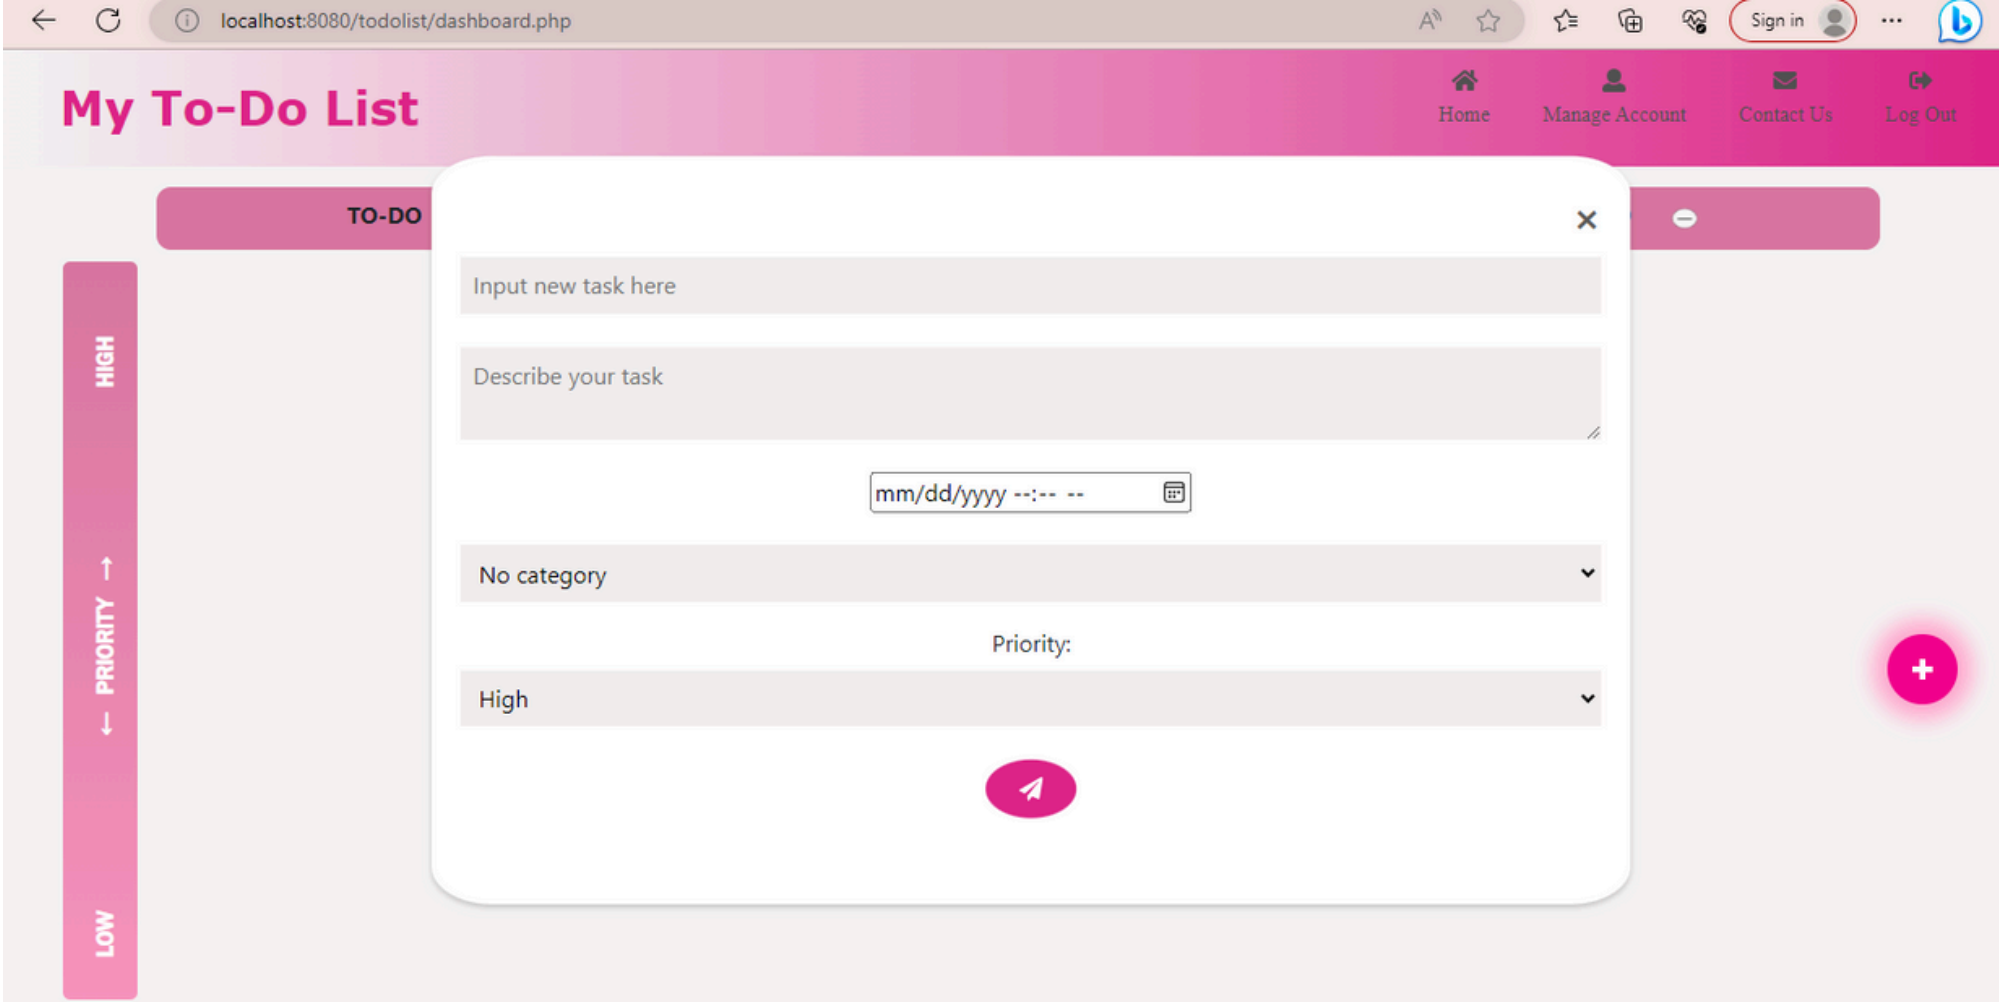

DASHBOARD PAGE

All users have access to a centralized dashboard page that allows them to efficiently manage their personal tasks.

Normal users have direct access to their personal task management dashboard, while for community administrators, managers and employees in communities, it is conveniently available as an option in their sidebar menu.
